

NOW HIRING! FULL-TIME SPEECH LANGUAGE PATHOLOGIST – EARLY CHILDHOOD INTERVENTION

SALARY: \$70,012.80 – \$92,380.40 per year, DOE

The mission of PdN Children's is that we help children with special needs achieve their fullest potential. Our vision is a world where all children thrive in an inclusive environment, recognized by their abilities and talents, rather than their differences. We've been serving children with special needs since 1948 and we love what we do and why we do it! Join us in our mission and make the journey with the precious children we serve.

PdN Children's is looking for a full-time **Licensed Speech-Language Pathologist** who is energetic, friendly, reliable, organized and a good communicator; someone who can work effectively with co-workers, clients and their families; who likes children and enjoys helping them reach their full potential.

The best candidate will be one who is a good team player, but can work independently. They must have good oral and written communication skills, preferably bilingual, as well as good computer skills; ability and desire to learn new programs. We are looking for individuals who are organized and able to prioritize to meet specified timelines for performance and productivity. The candidate must be able to accept constructive guidance and take initiative to seek out professional support, when needed. Must understand importance of and practice profession's ethics.

Summary/Objective - Provide Speech-Language Pathology services to children, ages birth to 3 years, evaluation and IFSP Development services to assigned clients as part of an interdisciplinary team. We are a parent training program and use the Coaching Model to teach parents how to help their children reach their full potential.

General Duties

- Responsible for providing Speech-Language Pathology services to assigned clients.
- Responsible for performing client evaluations/assessments and Individualized Family Service Plans (IFSP).
- Responsible for completing all required documentation of Speech-Language Pathology services, evaluation/assessments, IFSPs.
- Responsible for collaborating with interdisciplinary team to complete evaluations & assessments/IFSPs

Required Education and Experience

- Master's Degree in Arts or Science from accredited college or university;
- Certificate of Clinical Competence from ASHA;
- Current Speech-Language Pathology License in Texas;
- Clinical Fellowship Year (CFY) Interns will be considered

Preferred Education and Experience

- Experience training/educating parents;
- Knowledge of typical/atypical child development;
- Competent in providing presentations to families, staff and in other community settings.
- Experience working with children diagnosed with or suspected of ASD.

Other Duties - Please note this job description is not designed to cover or contain a comprehensive listing of activities, duties or responsibilities that are required of the employee for this job. Duties, responsibilities and activities may change at any time with or without notice.

Work Environment - Work is primarily in the child's "natural" environment. May provide services via telehealth platform as approved by program director and funding source. Occasional visits to the office may be necessary to turn in paperwork, make copies, fax documents, etc.

PdN Children's sets high standards of personal conduct and reliability; employee will be rated on their ability to meet these standards. Must be able to work effectively with coworkers, clients, and collateral parties in a cooperative manner. Must be able to work effectively in the natural environment where clients live, learn and play.

Essential Functions - Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Please submit application (<http://pdnchildrens.org/career-opportunities/>), resume, therapy license, and transcripts to admin@pdnchildrens.org
